Dear Sir:

I would like to express my appreciation for the assistance provided by Mr. Al Trembly of your staff. It was necessary to remove asbestos containing ceiling tiles in a building leased for us by GSA. Mr. Trembly participated in a briefing to our personnel on short notice and provided advice and information concerning asbestos removal to the CIA project engineer on several occasions. His professionalism and helpful attitude are a credit to the Compliance Program and to the Occupational Safety and Health Administration.

Sincerely,

John M. Ray
